THE ANNUAL REPORT

This Annual Report provides you with a review of 2007 both on and off the field and includes the concise financial report, which is an extract from the financial report. The financial statements and specific disclosures included in the concise financial report have been derived from the financial report and cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the entity as the financial report. Further financial information can be obtained from the financial report which is available, free of charge, on request to the club.

PRESIDENT'S REPORT

The Revolution got under way in 2007 with the club surpassing all on-field expectations to play in our second AFL grand final. The club also continued to innovate and grow off the field, resulting in a profit figure of \$927,626 prior to SANFL distribution, \$578,425 up on our 2006 result.

The 2007 season provided us with a fairytale journey from 12th in 2006 to second in 2007. It was a journey that whet the appetite of all supporters and partners and again reaffirmed that Port Adelaide is a club determined to do whatever it takes to beat the odds and strive to be the best.

The grand final result was a very disappointing end to that fairytale journey, but one that will not taint our view of the season or scare us going forward. The grand final week provided great experience

for our young playing group and the day itself is something we will learn from to ensure that next time we are in a similar position, we will indeed get a better result.

HIGHLIGHTS

There were many highlights throughout 2007 both on and off the field. In summary, some of the highlights included:

- Second best result in our AFL history, finishing second at the end of the home and away series and competing in our second AFL grand final
- A profit of \$927,626 (prior to SANFL distribution of \$325k)
- Development of our playing list which saw three players achieve All-Australian selection & three players receive NAB AFL Rising Star nominations
- Launch of youth brand, Planet Teal, which extended into match days and membership
- Winners of a national AbaF (Australian Business Arts Foundation) Award for our partnership with ComeOut, bringing youth, sport and the arts together
- Third most watched club on television in the AFL, with more than 17.5 million viewers exposed to the Power brand
- Increased corporate revenue by 20%
- Improved service to corporate partners and club members through the establishment of a customer relations department
- Sold out SuiteOne for the first full year and have a waiting list, which has prompted an extension of the facility for '08 and beyond
- Expanded our community programs through our Community Youth Program and Planet Teal brands to care for the health of Australia's youth
- We hosted some outstanding events, including Power Goes Movies, which for the third successive year had more than 1,000 people enjoy one of 'the' events on the Adelaide social calendar
- \$2.5 million Federal Government funding for the development of the Alberton Oval precinct (not included in '07 financial results)

The following comments can be made:

- AFL Distribution increased by \$1,997k and includes additional distribution from AFL media rights deal of \$1m, Prizemoney \$600k and Stadium arrangement compensation \$250k
- Strong corporate sales (including the first full year of operation of Suite One) and low injury payments also contributed to the profit figure
- Season Tickets and SANFL Memberships were down on the 2006 figures
- Football costs increase includes players' prizemoney for finishing 2nd (\$300k), cost of playing in the Grand Final (\$100k) and additional match and injury payments during the finals (\$80k).

BENCHMARKING

To understand the environment we operate within and our direct competition, it is important to benchmark against best practice companies and also the other 15 AFL clubs.

We continue to compete against clubs who have superior stadium arrangements, significantly larger supporter bases and additional revenue sources outside of football or events (such as licensed venues, bars, pokies etc).

Although it does not cover the extent of the gap, we have received \$250k assistance from both the SANFL and AFL in acknowledgement of our relatively inferior stadium arrangement.

We are continuing to work with the SANFL and AFL to see how we can get a better result from AAMI Stadium for our club. Furthermore, through our Future Fund (formerly PAFC Foundation) we are continuing to investigate potential revenue streams outside of the business of football.

ASSESSING NET ASSETS/BORROWINGS

In 2007 we improved our net asset position by \$0.6 million to \$5.3 million, which is solely a result of our consolidated net profit after SANFL distribution. Our net asset position reflects in most part our ownership of the Allan Scott Power Headquarters and The Port Club premises.

Our borrowings increased by \$0.4m in 2007. This was a result of a timing issue, where the final '06 payment of players (\$0.9m) was accrued in the '06 year but paid in this year. Also impacting on our debt figure is the purchase of land and building of a house (approximately \$0.2m), which was paid for in this financial year, but sold for a solid profit after our end of year date of 31 October 2007.

As has been the case throughout our AFL journey, we continue to run a very tight cash position and strategically we will maintain a focus on the long term reduction of our debt and building up of cash reserves.

CORPORATE GOVERNANCE

While the Board of any company must ensure that a robust governance structure is in place, our Board is equally committed to fostering a culture throughout the club that values personal and corporate integrity, mutually beneficial partnerships, customer intimacy and respect for others. Our approach to governance is based on the belief that there is a link between high quality governance and results, both on and off the field.

ISSUES AND CHALLENGES FOR 2008

We launched our Join the Revolution campaign and the challenge for us now is to get more of the 330,000 plus people who we know support the club, to sign up as either Game-Day or Club Members. That support is critical to our ability to compete with the 'big' clubs and achieve our ongoing goals of winning premierships.

We must identify new revenue streams independent of football and our success to keep driving our business forward. We are up against clubs continually posting profits of \$1 to \$5 million and in order to remain competitive, we must be able to invest in football. This is a challenge for us.

Our football achievements in 2007 surpassed all expectations. It is very feasible that despite improvement we do not achieve a top-two finish in 2008. We ask our members to be understanding of the environment and the fact that we are confident we are building towards our next premiership.

APPRECIATIONS

An AFL club can only be successful with the support of great people and great companies. We have an outstanding, experienced and passionate management team and staff led by John James, who has just completed his third year at the helm. As outlined above and detailed in the Chief Executive's Report, John and his team achieved great results in 2007 which enabled us to maximise funding of our core product of football.

Mark Williams and Peter Rohde did an outstanding job in leading the football department through an evolutionary period, which I might add continues in the coming year. Against the odds they, along with the coaching and fitness group, were able to achieve results

which not only stand alone as an outstanding achievement but pave the way for future sustained success. I certainly appreciate their commitment, hard work and innovation.

The players also deserve congratulations and thanks. They thrilled us with their fast exciting football for much of the year and some outstanding against-the-odds victories. The players' willingness to learn and improve was a major reason why our club progressed at such a rapid rate.

Thanks to Scott's Transport and Vodafone for their support as Joint Major Sponsors in 2007. They, along with our Premier and Key Partners and our Club and Game-Day Members, are the platform upon which we build this football club.

Allan Scott is a visionary and that vision has led to him diverting his support from the joint major sponsorship to the Allan Scott Player Development Academy, which will be established to develop our players not only on the field, but moreso off the field. We thank Allan and all at Scott's for their commitment as Joint Major Sponsors for 11 years.

We also warmly welcome Bianco Building Supplies headed up by Dario Fontanarosa and Nick Bianco and the Bianco Team, who have come on board as Joint Major Sponsors.

Allan Scott and Sir Eric Neal have again been our Patrons for which we are very appreciative. In 2007 we welcomed David Koch on board as joint No.1 Ticket Holder for the first time, joining Bob Quinn. David's public support, in particular, has been invaluable.

I am very lucky to head up a dedicated, hard-working Board, with members who are willing to challenge each other and convention, all to ensure as a club we are doing whatever it takes to be the best club in the AFL and ultimately that means to be the most successful.

Four members of that Board will be departing at the end of the year. They include inaugural AFL board members Robert Hoey and Ted Byrt, along with Max James and Frank Hayter. I thank them for their outstanding contribution over the years and wish them well in the future.

An election will be held by postal vote and I certainly encourage everyone to use their right to vote for candidates standing for election to our Board.

In addition to the Board, we have a variety of volunteers and committees who do a great job and put in many hours of their time for the good of the club, and we certainly thank them.

OUTLOOK

The excitement, the enthusiasm, the desire to improve, the desire to better understand and service our customers – be they corporate or supporters – continues at the Port Adelaide Football Club.

On the football front we know improvement is not necessarily linear and we know there are 15 other clubs thinking they will be better again next year. On the commercial front, we do have a belief that we can continue to improve, to excite our stakeholders and work collaboratively to achieve our collective goals. We're looking forward to it!

Our Annual General Meeting gives us the opportunity to communicate directly and in an interactive manner with our members. We certainly encourage you to get along on Monday December 17th 2007 to hear directly from your board, management team, coach and new players.

GREG BOULTON
President

CHIEF EXECUTIVE'S REPORT

We embarked on 2007 encouraging our supporters to Join the Powerevolution, flagging an evolution / revolution and across all areas of the club we believe we were true to our mantra. The evolution was swift in some cases, most notably the football performance which unexpectedly saw us play off in the grand final, but we know it is ongoing as the revolution continues into 2008 and beyond.

With strong corporate support we delivered a consolidated profit of \$927,626 prior to SANFL distribution of \$325,000 in 2007, up \$578,425 on last year's result. The sell out of SuiteOne, and the attraction of new and retention of existing corporate partners were key factors in this result, along with a very loyal core group of members who continue to support our club.

The other significant achievement in 2007 was the allocation of \$2.5 million from the Federal Government for our facility

development. We aim to gain a total of \$6 million from other sources to allow our facility to cater for the growing demands of a world's best practice professional athlete base as well as accessibility for other parts of our community.

2007 SEASON

We entered the 2007 season with a goal of improving our young playing group. We set out to establish the best football academy in the country which meant an environment conducive to accelerated learning for coaches and players alike.

With 12 new players on our list (more than any other club in the AFL) we had the second least experienced and third youngest list in the competition. This was a major strategic change from the 2005 season which saw us with the oldest list in the AFL.

With our early finish to the 2006 season and a planned game in London in October, our players got a head start on much of the competition. Interestingly, the team we played in London was Geelong. Our players, coaches and management benefited significantly from travelling overseas and learning from other elite sporting organisations.

The season is now etched in the record books and we surprised many. We finished the minor round in second position, having been involved in some of the games of the year and some great come-from-behind wins, most notably in Round 20 against Hawthorn in Tasmania and the following week against Geelong at Skilled Stadium, which was my personal all time favourite win. We won a tough game against West Coast in the first week of the finals and then dominated the Kangaroos to easily make our way into the grand final.

We went into the grand final with some confidence but knowing that everything would have to go right for our young exciting group to defeat the Geelong team that had been preparing together for five years to win the first premiership in 44 years for the club. We were totally outclassed and Geelong showed why they were runaway favourites going into the game. We pass on our congratulations to Geelong who have now set the benchmark.

The grand final was disappointing, shattering in fact. But the result did not erase all that we achieved in the year and did not change our resolve and direction going forward. All year we talked about the fact that we had a young, developing group that would require some time to mature, but that we would not put a limit on what the group could achieve.

We are extremely proud of what Mark, his coaching group and the players achieved in 2007. We could not have asked for more from the group. Furthermore, the culture at this club will ensure that the grand final will serve as a lesson for our young group, one we will no doubt benefit from in the future.

It's worth summarising some of what our club achieved in football in 2007:

- Introduced 12 new players to the club, more than any other club (lost more than 50 seasons of AFL experience at end of '06)
- Improvement across the playing group (with the best football learning environment in Australia):
 - The rapid progress of Rodan, Boak, Westhoff, Gray, Krakouer and Carlile
 - The consistency of Ebert, Motlop, Salopek, Surjan, Chaplin, Pettigrew and Thurstans
 - The continual performance of K Cornes, C Cornes, Cassisi, P Burgoyne, S Burgoyne and Lade
- 3 All-Australians: Chad Cornes, Kane Cornes and Brendon Lade
- 3 NAB AFL Rising Star Nominations: Robbie Gray, Justin Westhoff and Travis Boak
- Dynamic coaching group with Kingsley and Cripps added to the group in '07 and Phil Walsh providing outstanding strategy preparation
- Improved strength, fitness and monitoring of our athletes (learnings from London)
- Played fast exciting football to be the second highest scoring team in 2007 (12th in 2006)
- Scored 100+ points in 14 games (compared with only 100+ in 6 games in '06)
- Had some wonderful wins against the odds
- Won 2 finals including an emphatic win against Kangaroos in Preliminary Final
- Took the club from 12th in 2006 to 2nd in 2007

FOOTBALL GROUP

Mark Williams again showed why he is rated as one of the best coaches in the AFL. Mark, along with Peter Rohde and the coaching and fitness group, spent the off-season reviewing and preparing and entered the 2007 season with a new group of

players. To think back one year and see how far we progressed gives a huge credit to Mark and the winning culture that our club has. We thank them for their commitment to doing whatever it takes to drive our organisation to new levels and taking us a step closer towards our next AFL premiership.

Critical to the success of our football program was the development of our leadership program - our captain Warren Tredrea and vice-captains Chad Cornes, Shaun Burgoyne, Brendon Lade and Michael Wilson were key to driving that program. We thank the leadership group for taking ownership of the performance of our club both on and off the field.

Kane Cornes had twice been runner-up and finished third on another occasion, but 2007 was his year to finish the season being awarded the John Cahill Medal as the best and fairest player at the club. Kane is as committed a player as has walked through the doors at Alberton and fully deserves the recognition. Kane finished ahead of his brother Chad, who had another sensational year making the midfield his own, and Peter Burgoyne who reinvented himself in the backline.

A number of other awards were handed out on the night of the Best and Fairest and we congratulate Troy Chaplin (Best Team Man), David Rodan (Most Improved), Michael Wilson (Fos Williams Award), Daniel Motlop (One Percenter Award), Peter Burgoyne (Best Finals Player) and Justin Westhoff (Gavin Wanganeen Medal / Best First Year Player).

Three Power players were recognised for the second time each on the national stage with All-Australian honours. Congratulations to Chad Cornes, Kane Cornes and Brendon Lade on achieving that honour.

After four players were NAB AFL Rising Star nominees in 2006 including winner Danyle Pearce, we believe to receive a further three nominations in 2007 - Justin Westhoff, Robbie Gray and Travis Boak - further endorses our work in the recruitment division, lead by Blair Hartley, as well as the work done developing those players once they are at the club.

In addition to those three players, we had a further two players make their AFL debut in 2007 in Adam Cockshell and Nathan Krakouer.

We also had a number of players celebrate milestones: Darryl Wakelin (250 AFL games), Warren Tredrea and Peter Burgoyne (200), Domenic Cassisi and Dean Brogan (100) and Michael Pettigrew (50).

2007 saw the retirement of premiership players Darryl Wakelin and Josh Mahoney. Both have given a great deal to our club and we

certainly congratulate them on their careers and thank them for their contribution to the club. We also farewelled Brad Symes, Ryan Willits and rookies Alex Lee, Nathan Batsanis and Peter Hardy.

Assistant coach Dean Bailey also left the club after seven years. Dean has been an integral part of our coaching group and was a member of the coaching staff to take us to our first AFL premiership. We wish him well in his senior coaching role at Melbourne.

Finally we thank our wonderful volunteer support staff for upholding the culture of the club and ensuring the values that have made this club successful over many years are continually reinforced through the group.

COMMERCIAL GROWTH

The Port Adelaide Football Club consolidated result for the year was a \$927,626 profit before payment of our distribution to the SANFL. Key to that figure is the 20% growth in corporate revenue in 2007. This was a great achievement and one which General Manager - Commercial Operations Steve Olech and his team should be very proud of. The growth came primarily through the introduction of some exciting new corporate partners and the expanded relationship of a number of our existing partners as well as the full year operation of SuiteOne.

We've now completed our 11th year with Scott's Transport and Vodafone as our joint major sponsors, and we again thank them for support, and also the energy with which they approach our partnerships. In particular we thank Declan O'Callaghan and his team at Vodafone as well as Allan and Grace Scott and all at Scott's Transport.

As indicated in the president's report, Allan Scott has redirected his support to the Allan Scott Player Development Academy and we're certainly excited about that investment, as this is where our club can really differentiate ourselves from our competitors into the future.

We are looking forward to having great South Australian company Bianco Building Supplies on board as joint major sponsor from this point onwards. Bianco have been substantial supporters of our club for five years and we highly value the relationship with everybody at Bianco.

We welcomed Reebok as a new premier partner this year and also welcomed a number of new key partners onboard in 2007 including: Adelaide Produce Market, who joined our youth brand Planet Teal to promote healthy choices to young South Australians, Simply Energy, Phoenix Society, Northern's Plumbtec, Panasonic, Excel Recruitment, Stellar Homes and DefenceSA. We thank these companies and our other premier partners, key partners, power brokers and chairman's club for their outstanding support. We also thank our Team Power members, many supporter groups around Australia and our cheer squads for their tremendous support. There is nothing better than seeing our colours being flown interstate.

SuiteOne continues to be a great success story. The most luxurious and sophisticated suite for watching AFL football in South Australia was sold out in 2007. In addition to game day, SuiteOne was also used for club and partner functions and as a meeting room for companies. Due to the demand, we have now begun work on extending SuiteOne from an 88-person game-day suite to a 130-person facility, which is a fantastic opportunity for our partners in Season 2008.

Another great success has been the evolution of our events, and in particular our signature Power Goes...event. This year it was Power Goes Movies, and again it was a wonderful success, which is a credit to our team at the club and the committee that works on the major fundraiser.

Congratulations to the merchandise team who nearly doubled sales over the past twelve months. With new apparel partner Reebok we

introduced some great new products and it was certainly noticeable in finals just how much our members and supporters enjoyed wearing our colours. The key to customer service and growth going forward is through our on-line shop and we will be putting in a lot of energy to ensure we offer the best possible service and range through our websites in the future.

In 2007 the PAFC Foundation ceased to be a separate entity, but rather became a part of the commercial operations of the club as the Power Future Fund. The Future Fund is solely focussed on raising income outside of traditional methods and in 2007 ran some key events including the West End Outback Odyssey, Paradise Golf Tour and Fishing Safari. The Future Fund committee is constantly reviewing opportunities which could bring new money to the club, with the view of investing it into football to give us the best chance of sustained growth and success.

We are focused on building partnerships and developing business solutions for our corporate partners. We believe we again improved this aspect of our business in 2007 and will look to again do it better next year.

COMMUNITY & YOUTH

At the Power we are committed to improving the community within which we operate. Accordingly we have expanded our Community Youth Program, including an expansion into rural communities such as Port Augusta and Roxby Downs, thanks primarily to the support of BHP Billiton.

We launched our youth brand, Planet Teal and introduced the Planet Teal Zone at our games, which proved to be hugely popular. Furthermore, we partnered Adelaide Produce Markets to promote healthy choices to young South Australians.

Planet Teal not only presents in the form of the zone at home games, but the membership program and our website PlanetTeal.com.au, which will be further developed in 2008.

Furthermore, in 2007 we partnered our Planet Teal brand with the Australian Festival for Young People (Come Out) to bring the arts and sport together. The aim was to get those kids not usually interested in the arts involved with Come Out and those art-minded children not usually interested in football, to get involved with the Power. Through that partnership we had Planet Teal exposed to around 160,000 school children.

The Power / Come Out partnership saw us win state and national AbaF (Australian Business Arts Foundation) awards. The partnership involved cash sponsorship, a competition to design a guernsey for the team and the "Come out to the Power footy day" in Round 7.

We say with some confidence and pride that as a sporting club we lead the way with our youth brand and youth education. We will relentlessly continue to look for ways we can get involved in the community for the betterment of the youth of South Australia.

MEMBER / SUPPORTER RESEARCH

We used the 2007 year to gather intelligence and a better understanding of our customers. We have an awesome loyal army of supporters so it was critical we spent some time understanding why and how they want to be involved with the club. We did this through a variety of means including the Deakin University choice modelling program, on-line and off-line surveys, general discussion and feedback and through regular breakfasts with a random selection of our Platinum Members throughout the year.

We believe a better understanding of our supporters is critical in us formulating our strategic direction. We thank all our members and supporters for their time and hope that you see some real positive changes for 2008 including a more family friendly home match program.

ATTENDANCES / MEMBERSHIP

The club made the decision to invest in our match day product in 2007. Amongst the innovations was the introduction of Thunda Bolt to engage supporters, as well as the family friendly Planet Teal Zone.

Our average crowd was 27,870 this year, which was marginally up on last year's average of 27,257. Our research (as described above) tells us that we had only two games in what we call Tier One timeslots (those most preferred by our supporters – Friday/Saturday nights and Sunday afternoon) and we believe our crowds were certainly affected by this fact.

Pleasingly, we were able to record three crowds of around 40,000 for our last three games played at AAMI Stadium including Round 22 v Fremantle and the West Coast Qualifying Final and Kangaroos Preliminary Final. In speaking with the players, they certainly feel the difference when the stadium is full and the atmosphere is pumping.

Our official membership figure, as submitted to the AFL, was down on last year's figure of 35,648 to 34,073. Again, it is our belief that the fixturing had a huge impact on this figure. We do sincerely thank all our members for their support in 2007 and appreciate your financial investment to support the on-field efforts of our great club.

As we look towards 2008 there will be the following changes, based on our research, which we believe will encourage greater memberships and crowds:

- We have six games in Tier One timeslots and one other on Sunday twilight leading into a holiday Monday
- Season Ticket Holders will now be known as Game-Day Members to better recognise their commitment to the club
- We have set aside a general admission area in the Northern Grandstand to allow members and supporters to freely sit with family and friends on any given day
- We have introduced alcohol in seats in two areas – the Northern Grandstand and northern end of the Members' Enclosure
- We have established a Power Game-Day Members Enclosure to ensure our members who purchase premium seats are protected
- The standard terrace and budget terrace areas have been combined to reduce confusion on pricing options and queues on game day

Having seen the '08 AFL fixture and on the back of the excitement around our football team, we're confident that our membership figures and crowds will both increase. The Revolution is continuing and we'd love you to join up now and also encourage as many friends and family to become financial members of our club.

MEDIA AND PUBLIC RELATIONS

In 2007 we were the third most watched club on television in the AFL with more than 17.5 million viewers exposed to the Power brand, which was outstanding not only for the club and our members but also our corporate partners. In addition to the game day television coverage, with the success of the team we received thousands of mentions / stories on television news, in the press, on radio and on the internet throughout 2007. Furthermore, we ourselves have become a media outlet with PortAdelaideFC.com.au and PlanetTeal.com.au being viewed by around 60,000 different people a month in-season.

We believe our approach to handling the media throughout the year and finals series reflects our desire and willingness to not only work with the media, but importantly to ensure we are speaking to our members and corporate partners and ultimately getting the best result for our customers.

We thank the media who have given us wonderful exposure throughout 2007. We in particular thank those media outlets, including

premier partner Channel 9 and The Advertiser and FIVEaa, for their willingness to support us in our efforts to gain exposure for our corporate partners and for various charities and community groups who are truly in need.

To that end, we have been proud of the work we have done with various charities throughout the year. We were pleased to have had the Make-A-Wish Foundation, Leukaemia Foundation, Novita, Variety, Bedford Industries, Phoenix Society and McGuinness McDermott Foundation as charity partners in 2007.

We were thrilled to work with NAB to raise money for Ovarian Cancer Research through our themed 'Silver Saturday' game in Round 19. Also for the first time along with Variety, the Crows and FIVEaa we launched the Kick-in-4-Kids Radiothon, which raised around \$175,000 for kids' freedom and mobility programs.

The internet is fast becoming the number one way that members and supporters are accessing their daily football news. We have invested time and resources into PortAdelaideFC.com.au and will continue to do so, to ensure it allows our members and supporters to get as close as possible to the club and the team. In 2007 we offered exclusive content unable to be accessed anywhere else and we will grow that in 2008. We have also simplified the on-line purchase of memberships, merchandise and event tickets. We encourage members to use the site both as a shop front and also to stay close to your club.

Well done to Hitaf Rasheed and the team – we have the hardest working Media and PR team in the country.

FINANCE & ADMINISTRATION

Our club is striving for operational excellence. Our finance & administration department has worked hard and continues to improve its systems and processes to ensure the best service to our stakeholders. Thank you to General Manager – Finance & Administration, David Bartlett and the team for the long hours and dedication.

LIFE MEMBERSHIP

The contribution of both Allan Scott and Chad Cornes has been recognised this year with Life Membership. Allan's support has been critical to our stability, growth and success in our first 11 years in the AFL. Chad Cornes has developed exponentially in his time at the club to being one of the stars of the AFL competition and it will be great to see Chad's name down with our greats as a Life Member.

BOARD OF DIRECTORS & COMMITTEES

I want to thank Greg Boulton for his personal support and continual drive for our club to be the best we can be. The Board has continually supported management's drive for change with an absolute focus on breaking new ground, so I thank the Board for giving so much time outside of their personal business interests.

I would also like to thank the Power Future Fund, Power Goes, Life Member & Awards and Women In Power committees, along with the support of the Finance and Audit Committee for their work throughout the year.

AFL & SANFL

We continue to build our relationship with the AFL and SANFL executive team. Thanks to Andrew Demetriou and Leigh Whicker for the excellent support of our club in 2007. Both the AFL and SANFL have provided extra support and funding on a range of initiatives that have enabled us to invest in programs for future growth.

During the year the SANFL also announced the development of supporter facilities for pre and post game presentations at AAMI Stadium which will be made available to our members for the 2009 season onwards.

Both the SANFL and the AFL are very much committed to seeing Port Adelaide prosper into the future and we look forward to continuing the great work that is being carried out today with our people.

OUR PEOPLE

When we talk about assets, our greatest assets are our people. We aim to assemble the most talented and motivated group of people. We will continue to invest in the development of our people and make the hard decisions to be the best we can be.

A revolution requires a committed management team and staff, and we certainly have that at Port Adelaide. Thanks to all our management, staff, support staff and volunteer committee members and all their direct families for their commitment to the Power. On a personal note I'd like to thank my executive assistant Linda Marsh for her support during 2007.

SUMMARY

The Revolution is continuing at Alberton and this is not a marketing phrase. We strongly believe that we are taking this club and this playing group into a new exciting era. That means we must constantly challenge ourselves, change and adapt to the most competitive industry in the country. Our members are critical to the journey and we encourage you to get on board and enjoy the experience with the greatest sporting club in the world. We thank you for your support in 2007 and we can't wait to see you in 2008.

REVIEW OF OPERATIONS

The consolidated entity experienced an increase in operating profit before SANFL sub-licence distribution in 2007, predominantly as a result of increased AFL distributions due to the new Media Rights deal, strong corporate sales (including the first full year of operation of Suite One) and low injury payments. DISCUSSION AND ANALYSIS OF THE FINANCIAL STATEMENTS

This discussion and analysis is provided to assist readers in understanding the concise financial report. The concise financial report has been derived from the full 2007 financial statements of the Port Adelaide Football Club Limited.

The Port Adelaide Football Club Limited consolidated entity consists of the Port Adelaide Football Club Limited and its controlled entities. The principal activities of the Port Adelaide Football Club Limited consolidated entity during the financial year comprised the operation of the Port Adelaide Football Club and the management of its affairs in order to position itself both financially and operationally to successfully field a team in the Australian Football League. During the year, the Port Adelaide Football Club fielded a team for the eleventh time in the Australian Football League competition.

Income Statement

The Port Adelaide Football Club's consolidated operating profit before SANFL sub-licence distribution for the financial year was \$927,626 compared to a profit of \$349,201 in 2006. Operating revenue increased by 15.3% or \$3,796,290 over the year, whilst operating expenses increased by \$3,218,067 or 13.1%. The Directors believe the improvement in the result was predominantly due to receiving additional distributions from the AFL resulting from the new Media Rights contract and corporate revenue including the first full year of Suite One operations. Season ticket revenue and the Outback Odyssey result were lower than 2006.

Balance Sheet

Total assets increased by \$829,402 or 7.1%. The increase is mainly attributed to additional receivables in relation to finals activity.

Total liabilities increased by \$248,627 or 3.5% from the previous financial year. The increase is mainly attributed to payables in relation to finals activity.

Cash Flow Statement

The decrease in cashflow from operations is a result of 2006 player year end salaries accrued (paid in 2007) and substantial prepaid income balances in 2006. The decrease in investing cash outflow is the result of substantial capital expenditure on Suite One at AAMI Stadium in 2006. In 2007, in addition to operational capital expenditure, land was purchased and a house was built with the intention of selling for a profit.

The finance cash outflow is the result of PAF&CC refinancing its unsecured loans with National Australia Bank.
