# VISION & MISSION

The League's executive management team undertook a series of workshops in April 2011 to devise a detailed plan for the business over the next three years. The plan's foundation was built on four central pillars: Our Game, Our Stadium, Our Future and Our People.

The SA Football Commission approved the SANFL Strategic Plan: 2011 to 2014 in June 2011.

# **The SANFL Vision:**

"To provide the ultimate experience in sport and entertainment at all levels."

"At all levels" is a significant inclusion in the vision's terms. It represents a commitment to delivering top-quality service to the public in all areas of the business – from conducting school clinics, serving customers on AAMI Stadium matchdays or officiating matches at suburban SANFL grounds.

## **The SANFL Mission** Statement:

"To protect, lead, manage and deliver the promotion and development of Australian football for the people of South Australia."

The mission statement reflects the League's role in safeguarding the best interests of football in South Australia, leading its promotion, managing its growth and delivering programs that enable more than 100,000 South Australians each year to play the game at schools, clubs, in indigenous and migrant communities, right through to SANFL and AFL level. It is a significant responsibility, as South Australian football is an industry that generates half a billion dollars to the state's economy annually and employs 1500 people - and it is a game that is played and enjoyed by hundreds of thousands more.

# **S** 2011: A YEAR IN REVIEW

#### When historians reflect on the 2011 football year in South Australia, there can be no doubt it will be remembered as a watershed year.

It was a year in which the South Australian Football Commission set the game on a new and dynamic path with the signing in November of the agreement between the SANFL, the South Australian Cricket Association and the Government of South Australia to move football back to Adelaide Oval.

It should not be lost on anyone just how significant this step is; for football, for cricket, for the South Australian community – and for those who believed the politics of envy would ensure both codes remained at loggerheads without chance of resolution.

In taking this historic step, the Commission was cognisant of the vision of the game's forefathers who, 40 years ago, took the bold decision to move football to a new home in West Lakes. Their foresight and commitment laid the foundations which have allowed subsequent custodians to continue to protect, lead, manage and deliver the promotion and development of the game from a position of strength.

The signing of final documents heralded the culmination of an exhaustive process of negotiation and due diligence. It also ushered in a new and exciting chapter for South Australian football.

The economic benefits of the move to a redeveloped Adelaide Oval are anticipated to be significant, fostering a truly sustainable future for the game. Moreover, the move to the city now enables the Commission to begin work on behalf of South Australian football to assess and maximise the value inherent in its key assets – the AAMI Stadium precinct and the two AFL licences.

The year under review has seen an unprecedented range of issues in their scope, diversity and complexity for the Commission and Administration to manage in a timely and effective manner. Despite these challenges the code is in good health and solid foundations have been laid for the future generations of participants in our great game.

This optimism is predicated on events in 2011 which took place outside the historic move to a redeveloped Adelaide Oval and include:

 Football participation levels increasing by 16 per cent - the highest per-capita participation rate of the major AFL states

- The drafting, re-drafting, rookie-listing or upgrading of 29 South Australian players to the AFL, representing 15 per cent of the total talent pool
- Four SANFL zones featuring in the nation's top 10 talent development areas in a Griffith University study commissioned by the AFL
- The SA Community Football Board delivering more than \$5 million through various benefits, fundraising, and grants to advantage community football clubs across the State since commencing in 2008
- The State League competition reporting the highest minor round attendances in 13 years, including the 25,234 spectators who watched Woodville-West Torrens claim victory over Central District to win the 38th SANFL Grand Final.

## FINANCIAL PERFORMANCE

The SANFL's 2011 financial performance was affected by the on-field performances of both AFL clubs, as well as the impact of a difficult economic environment on the entity's entertainment and hospitality operations. In addition to the direct financial impact this has had on the SANFL from lower attendances by both the public and corporate markets, the SANFL provided Port Adelaide Football Club a grant of \$4.05 million that was funded by borrowings.

The SANFL has now committed to provide PAFC with a total of \$14.75 million in grants since 2007 which has had a significant negative impact on both earnings and the net asset position of the SANFL. The reported operating loss was \$3.88 million compared to a loss of \$1.25 million in 2010. However, if the payment of grants to PAFC and abnormal items are removed from both periods, the SANFL would show a profit of \$1.02 million compared to \$0.80 million in 2010, which is a strong improvement given net financing expenses increased by \$514,231.

The improvement is a result of careful financial management. Normalised operating expenses were 4 per cent below budget in 2011 due to strategies implemented to offset the decline in some of the business's revenue streams. Expenses from Football Operations and Administration were reduced by \$344,000 and retained at the same level as 2010.

On another positive note, the SANFL was able to generate cash from its normal operating activities of \$2.14 million compared to negative \$0.62 million in 2010. Net cash used by the SANFL was \$1.80 million compared to \$4.95 million in 2010 which was a \$3.15 million turnaround.

With the agreements being signed to move AFL football from AAMI Stadium to Adelaide Oval from the 2014 season, the value of the Stadium was written down by \$49.58 million as the net income produced by the Stadium would greatly diminish. This, along with the current year operating losses, resulted in net assets decreasing from \$109.9 million to \$52.2 million.

From the 2014 financial year, however, the SANFL will be able to bring a "leased" asset onto its balance sheet that represents the fair value of future net earnings from Adelaide Oval. This asset has been estimated at approximately \$55 million. This will offset a large part of the AAMI Stadium write-down.

SANFL's catering business, the Encore Group, continues to build its customer base in the South Australian hospitality industry and was appointed by the Adelaide Town Hall as a contractor to provide complete catering services. Encore's quality offering was recognised in the 2011 SA Restaurant & Catering Awards with the title of 'Wedding Caterer of the Year'. The status of the SANFL in the State's business circles was again confirmed by its inclusion in the Top 50 South Australian Businesses for the sixth consecutive year, as reported by *in-business*. SA Football Commission Chairman The Hon. John Olsen AO and Executive Commissioner Leigh Whicker, pictured with long-serving League solicitor John Ferguson, sign the agreement to move football to Adelaide Oval from 2014 at the official signing ceremony on November 17, 2011.

## HEALTH OF THE GAME

The SANFL is pleased to report that participation at all levels of the football community in South Australia reached new heights in 2011. The League acknowledges the significant role that major partners, staff and volunteers have played in working towards this goal. More than 116,000 South Australians participated in football in 2011, a figure which incorporates the 51,000 children participating in school football programs in Adelaide and the regions. The popularity of football among young South Australians is reinforced by the 15,500 children participating in Auskick programs at 320 centres across the State.

The continued popularity of football at junior levels is yielding strong results for players representing South Australia on the national stage. The State's U16 team won the national title for the second year in succession while the U18 team finished second in the NAB AFL U18s National Championships.

The SANFL is focused on taking football to all quarters of the South Australian community. Ongoing work in the APY Lands, in the State's far north, received significant endorsement in November with the rookie elevation of Amos Frank to the Hawthorn Football Club playing list. Amos is the first player from the remote indigenous community to be rookie-drafted to an AFL club.

# **S** 2011: **A YEAR IN REVIEW**

SANFL's inaugural Aboriginal Pathways to Excellence traineeship program achieved 100 per cent placement for trainee graduates in its first year while the New Arrivals program attracted important State Government funding in order to expand its work with multicultural youth in Adelaide's northern and southern suburbs.

# AAMI STADIUM

The South Australian Football Commission publicly released its AAMI Stadium Precinct Masterplan in March to guide the future use of South Australian football's greatest asset.

Community use and open space are a high priority in the staged redevelopment of the precinct over 25 years. The Commission is committed to exploring every avenue to achieve the best possible outcome for the AAMI Stadium Precinct, ensuring the future of football in South Australia by reducing the League's debt profile and creating a future fund that builds a solid platform for the growth of football across South Australia in decades to come.

As a working venue, AAMI Stadium was again recognised in 2011 as being among the best surfaces in the country on which to play elite sport. Foundation members of the Stadium were identified for the first time during the year and acknowledged for their long-standing support through a range of events and promotions.

# **KEY PARTNERSHIPS**

The SANFL receives vital support from highly-valued corporate partners, the media, the AFL and the South Australian community.

In March, Lion Australia (formerly Lion Nathan) and the SANFL announced a new agreement to extend their association until 2014. That year will mark the 60th anniversary of the first commercial agreement between the two entities, a relationship which is recognised as one of the longest-standing sporting sponsorships in the nation.

The SANFL has also been fortunate to partner with AAMI over the past ten years as naming rights sponsor of AAMI Stadium. The company is also an important part of many of the League's game development initiatives.

The State Government, largely through the Office of Recreation & Sport, continued to provide support to the League through many avenues, including the 'be active' League and kick-and-catch.

Other major partners making a significant contribution to the League's operations in 2011 included Coca-Cola Amatil, McDonald's, Ford Australia, IGA SA, People's Choice Credit Union, SA Lotteries, Balfours and The Good Guys.

Our corporate facility holders and signage partners also play a valuable role in supporting South Australian football, particularly at AAMI Stadium.

## AFI

The SANFL continues to enjoy a strong relationship with the AFL, particularly in the area of game development.

In 2011, an AFL grant of \$1 million and a further \$880,000 in transfer fees was invested in SA-based programs including AFL Auskick, school and community football and the highly successful talent programs.

The AFL has continued to support the Adelaide Oval redevelopment and in December, committed \$5 million to the project for AFL-related infrastructure in the Western Stand including media facilities, coaches boxes, interchange benches and associated services. We thank the AFL for its support and look forward to this continuing in years to come.

# AFL LICENCES

Football's shift to a redeveloped Adelaide Oval in 2014 is expected to generate a stadium yield that places the Crows and Power in a mid-to-high quartile range against other AFL clubs.

As such, the two AFL licences – which are currently owned by the SANFL - have significant 'value' which will only appreciate under a move to Adelaide Oval.

The Commission has agreed to review the licence ownership structure and is open to reviewing the most appropriate steps that takes into consideration club needs and the best interests of football in South Australia.

While the commitment will see a review by June 2012, any decision on the future of the licenses will not come into effect until football moves to a redeveloped Adelaide Oval.

## **ADELAIDE & PORT** ADELAIDE FOOTBALL CLUBS

The Adelaide Football Club celebrated its 20th anniversary season despite a patchy performance on field. This culminated in the appointment of former Crow Brenton Sanderson as senior coach towards the end of the season.

The Port Adelaide Football Club also underwent significant change with the appointment of Keith Thomas as Chief Executive Officer. The Power hosted the first AFL premiership match at Adelaide Oval in September against Melbourne Football Club attracting a 29,340 -strong crowd.

The match was an initiative of the South Australian Football Commission and was supported by the PAFC, SACA and AFL. It was embraced by the South Australian public as a precursor to AFL football moving permanently to Adelaide Oval in 2014.

We look forward to seeing both clubs returning in 2012 with renewed vigour for a tilt at the AFL premiership.

## 2011-2014 STRATEGIC PLAN

The 2011-2014 Strategic Plan was developed through an extensive process led by the South Australian Football Commission and executive management team with assistance of an independent facilitator from Ernst & Young.

The Plan focused on four primary pillars - Our Future, Our Game, Our Stadium and Our People - and addresses a number of issues currently affecting South Australian football:

- Determining the best structure for the AFL licences
- Improving stadium yields of the AFL clubs
- Maximising attendances at AAMI Stadium
- Restructuring the membership products to grow revenue
- Developing the AAMI Precinct to establish a future fund for football
- Successfully transitioning to Adelaide Oval
- Growing football participation at all levels
- Increasing revenue for game development in South Australia

In planning for its future, the South Australian Football Commission anticipates with confidence the continual growth of the game for 2012 and beyond.

## COMMISSION & EXECUTIVE MOVEMENTS

South Australian Football Commission Chairman The Hon, John Olsen AO and Commissioner Dion McCaffrie were each reappointed for a further three years to the Commission after the expiration of their terms in March.

Central District League Director Tom Zorich was also appointed in March for a three-year term, joining the Commission as its seventh non-executive member. Two Appointed Commissioners were also welcomed to the Commission in 2011. Philip Duval and Andrew Killey were each appointed for single year terms to lend their respective expertise in property development and marketing to the Commission's decision-making processes.

## ACKNOWLEDGEMENTS

There are many deserving of recognition and thanks for their efforts in what has been another busy and important year. Our sincere thanks are extended to all members of the South Australian Football Commission for their unstinting commitment to the work of the Commission.

We also acknowledge the work of the executive management team and all SANFL staff in 2011. Thank you to the SANFL's patron, His Excellency Rear Admiral Kevin Scarce AC CSC RANR, for his ongoing support of the League.

Finally, we acknowledge the South Australian football supporters for their commitment to the game and encourage them to continue to demonstrate their support through match attendance and club membership as football makes this significant transition over the next three years.

# ADELAIDE OVAL

### 2011 was a year of significant progress for the Adelaide Oval redevelopment.

The SANFL continued to play an integral role in the project's management, with Executive Commissioner Leigh Whicker taking a leading role as Chief Executive Officer of the Adelaide Oval Stadium Management Authority.

SA Football Commission Chairman The Hon. John Olsen AO and Commissioners Jamie Coppins and Philip Gallagher served on the SMA Board, while a number of senior managers also contributed to the ongoing work to redevelop Adelaide Oval as a premier joint venue for both elite football and cricket.

# **S** FOOTBALL OPERATIONS

Success can be measured in a number of ways - a thrilling SANFL Grand Final at the end of the most even SANFL season in decades, a 16 per cent increase in participation, back-to-back victories at the U16 National Championships, leading the country in drafted players per capita or knowing that Australian football has such an impact on so many young people's lives. There is no doubt that 2011 has been a success and we are looking forward to providing more opportunities and ongoing growth in 2012.

Congratulations to the Woodville-West Torrens Football Club on its premiership success. The Grand Final typified the season as it went down to wire with the Eagles hanging on - just. In doing so, they defeated the powerful and dominant Central District Football Club who played in its 11th straight Grand Final after winning its 11th straight Second Semi Final.

While the Norwood Football Club didn't play off for the Thomas Seymour Hill Cup in 2011, it did take out the prestigious Stanley H. Lewis Trophy for the best performing club across all grades, which gives a good indication of a club on the rise. The Glenelg Football Club continued its success in the minor grades, taking out the Reserves premiership while the Magpies took home the U18 Macca's Cup for the first time. The individual performance of North Adelaide's James Allan must be highlighted as he joined an elite group of triple Magarey Medallists.

There is no doubt the South Australian public has a passion for the SANFL competition. With 291,209 fans attending minor round games, we recorded an increase of 5.7 per cent from 2011. Norwood led the way with nearly 50,000 people attending matches at The Parade. This is a reflection on the product - a great brand of football in a great family friendly environment.

Our fans don't always agree with the men in white but the umpires play an important role in our game and 2011 was no exception. Field umpires Colin Rowston, Gary Fila and Leigh Haussen performed admirably in the Grand Final, with Colin Rowston completing his outstanding season by winning the Golden Whistle Award. This was a fitting finale to a wonderful career as he, together with games record holder Richard Williams, retired at the season's end. These decisions provide some exciting opportunities for young aspiring umpires and the League's Umpiring Department, led by Shane Harris, will continue to focus on recruitment and talent development.

South Australia outperforms every other state when we compare our talent performance per capita of population. A number of factors contribute to this success, including our high participation rate, strong SANFL competition, sound club culture and the quality of people involved, who are highly motivated to succeed.

In 2008, the SA Community Football Board was established to govern community football and provide assistance to including coaches, talent staff, support staff and the players clubs and leagues throughout the state. To facilitate the investment of more than \$5 million in benefits to community This was evident at national level, with the U18 McDonald's football over this period is an outstanding achievement and State Team finishing second for the third year in succession with some additional staff in 2012, the support to grassroots while the U16 Team repeated its success of 2011, taking out football will be better than ever. the Championships.

The League has set a benchmark of providing 15 per cent of the total AFL players drafted to AFL Clubs on an annual basis and we achieved this once again.

Coach education plays a significant part in achieving success and to all the coaches who attended courses and completed their accreditation in 2011, we thank you and congratulate you. As a result, today's young players are receiving better support than they have ever had and much of this can be attributed to the passion and commitment of Robert Oatey. Robert retired from the SANFL in July after 16 years as the League's Coaching Manager. Robert has been responsible for the development of the South Australian Coaches Association, the introduction and growth of the Annual Coaches Dinner and has influenced coaches at every level throughout the state. On behalf of the SANFL, I would like to thank Robert for his magnificent contribution to the game in South Australia.

A further 16 per cent growth in participation is an outstanding result. This comes from growth in intra-school, female, multicultural and indigenous programs, together with junior club football. Thousands of volunteers dedicate part of their week to ensuring that these programs are in place to provide opportunities for young South Australians and we thank everyone for their support.

There are opportunities to continue to grow, particularly with school and club competitions and our development team is committed to providing the leadership and support to secure this growth. These programs are not only important for our sport but for the health and wellbeing of the South Australian community. Whether in the APY Lands, through the New Arrivals Programs or at the local community club, we know our game shapes our community for the better.

It is a privilege to work in an industry that has so many dedicated people and I would like to thank all of the football operations team together with every coach, umpire, player, volunteer and supporter who has played their part in a successful 2011 season.

## 2011 LAW & INTERPRETATIONAL **CHANGES**

The SA Football Commission approved the following changes to the Laws of the Game for the 2011 'be active' SANFL season. These changes were in line with the introduced laws at AFL level.

#### Law Change

1. Advantage rule: the player, not the umpire, decides if there is an advantage.

- Simplifies understanding and application of the rule
- Clubs and players are best placed to decide if there is an advantage
- Increases flow of the game

#### **Interpretational Change**

2. Stricter interpretation of deliberate out of bounds (player walking ball over line).

- A trend has emerged where players are absorbing tackles and conceding the ball over the boundary line for a throw-in without being penalised.
- This action is counter to the spirit of keeping the ball in play and should be penalised accordingly
- · Stricter interpretation will focus on less benefit of doubt for the player who has the ball and walks over the boundary line.

#### Significant discussion about laws in 2011

The SANFL Laws of Australian Football Committee met during 2011 to discuss the new laws that had been introduced and to also receive a presentation from AFL Game Analysis Manager Andrew McKay new and current laws at AFL level.

A key discussion point was the speed of the game which has increased markedly over the past three years at AFL level. This is a perceived result of the increase of three players on the interchange bench to four, which in turn, has resulted in greater congestion, more stoppages and a higher injury rate.

In order to keep an exciting, free-flowing game at SANFL level, the Laws Committee unanimously recommended that three players on the interchange bench remain in 2012, a motion later endorsed by the SANFL clubs.

#### SANFL Tribunal

The 2011 SANFL season marked the successful introduction of the points system for guilty offences, which then allowed the SANFL to introduce an early guilty plea system after Round 13, allowing players to accept a penalty without appearing at the Tribunal. More than 50 per cent of guilty offences after Round 13 were accepted as early guilty pleas.

# **S** UMPIRING

The SANFL competition continues to go from strength to strength at all levels, providing an ideal football environment in which to develop either aspiring AFL umpires or long term League senior umpires. With a number of senior umpires retiring, the SANFL Umpiring Department has seen younger, less experienced umpires climb the ranks of their disciplines.

With fewer free kicks being awarded and fewer field bounces, a free-flowing brand of football emerged, resulting in higher scoring in many matches. The season featured tightly-contested matches, culminating in a hard-fought Grand Final between Woodville-West Torrens and Central District Football Clubs.

With a refined pathway for developing umpires and the introduction of an Umpiring Talent Manager in 2011, the Umpiring Centre of Excellence continues to develop wellrounded future umpires demonstrating good ability and knowledge of the game. A further focus on the development needs of aspiring umpires will see even more given an opportunity to achieve League level.

Recruitment and retention of umpires statewide has been positive with both areas achieving an increase during the 2011 season. With a continued focus on the 'Green Shirt' program for first-year umpires and the introduction of school-based umpiring academies, participation rose by 6.4 per cent.

# U18 ACADEMY

The Academy, which underpins the U18 State Team, was established by the SANFL and League clubs in 2000. The Academy helps identify and assist the development of the talented U18 underage footballer while instructing players in the requirements for success at AFL level. Forty-four young footballers from across the state graduated from the Academy in 2011.

# NAB AFL U18 **CHAMPIONSHIPS**

The NAB U18 Championships were played across Australia with the teams divided into two divisions as per previous years. 2 cross over games were played against Division 2 sides so every team could play five matches.

South Australia continued with its strong form from 2009 and 2010, recording four wins from five matches and finishing second in the competition for the third year running. The only loss was against Division 1 champions Victoria Metro. Grigg was named the MVP for South Australia during the Championships and the winner of the John Halbert Medal for SA's best and fairest player. Brad McKenzie was selected by the officials as the winner of the Ron Coleman Best Team Man Award.

Six South Australians were selected in this year's U18s All-Australian Team - Chad Wingard (Sturt), Sam Mayes (North Adelaide), Brodie Grundy (Sturt), Alex Forster (Norwood), Mitchell Grigg (Norwood) and Ben Kennedy (Glenelg).

- Level 3: 4 SA coaches (conducted by AFL)
- Reaccreditation (after four years): 119 coaches
- Total course attendees and re-accreditations: 662 coaches

The interaction of coaches within their own club is most important and the League and its clubs aim to establish mentoring programs for coaches to enhance their performance through the use of technology and face-to-face discussion with educated mentors.

## 2011 AWARDS

The 16th annual Coaches Association Dinner was held at AAMI Stadium on November 11. Central District coach Roy Laird was again nominated by his peers as The Good Guys Coach of the Year.

Central District coach Roy Laird was awarded 2011 The Good Guys Coach of the Year.

# COACHES ASSOCIATION

There are 2619 coaches who are presently accredited at Level 1, Level 2, or High Performance in SA and from 1996 to 2011 inclusive, the SANFL has recorded the processing of at least 11,000 coaches in coaching courses at Level 1, 2 and High Performance.

The resources available for coaches have improved through the development of the AFL Game Development website, the AFL Community Club website, the SANFL website and a host of other private websites. There are also a number of DVDs and books that are endorsed by the AFL and SANFL.

# **S** COMMUNITY ENGAGEMENT

'The growth in multicultural football is exciting as Australian football develops as a vehicle for social inclusion in our diverse community.'

The SANFL's Community Engagement department continues to work with schools, Auskick centres, SANFL clubs and community leagues across the state with the aim of growing our great game.

In 2011, South Australian participation levels increased by 16 per cent on the back of 10, 8 and 20 per cent rises over the previous three years.

The increase reflects the involvement of more than 116,000 South Australian participants in football competitions or programs spanning at least six weeks.

Achieving this consistent growth in football participation is a credit to the dedicated staff, teachers, community coaches, officials, volunteers, parents and young people who play vital roles at all levels of the game.

However, challenges to improve participation remain in some regions and this will be a key focus going into the 2012 season.

The SANFL, along with the nine SANFL League clubs and two SA-based AFL clubs, continue to have a significant presence across many communities and particularly in schools.

More than 51,000 children participated in school football in 2011, representing a 35 per cent growth on 2010 figures.

The People's Choice Mini League program provided more than 3500 primary school children in 2011 with a fantastic introduction to the game through half-time matches at SANFL grounds thanks to the support of People's Choice Credit Union.

The SANFL Inclusive programs continued to expand with specialist programs tailored for females, multicultural communities, the disadvantaged and people with disabilities in both metropolitan and regional SA.

Participation in women's and girls' football grew 70 per cent from 2010 to 2011, reaching 3200 females across the state.

The growth in these areas is particularly exciting as Australian football develops as a vehicle for social inclusion and community development in our diverse society.

In 2011, the League's relationship with the State Attorney General's Department and Office for Youth was strengthened with the introduction of a new Multicultural Football Academy program, as well as a Community Club Capacity Building program in the southern suburbs. We look forward to further developing these new programs in 2012.

Our indigenous football programs showed exceptional growth in 2011. The appointment of the SANFL's inaugural Indigenous Participation & Employment Manager saw the roll-out of a highly successful Aboriginal Pathways to Excellence traineeship program,

The Aboriginal Pathways to Excellence program secured 17 traineeships or jobs for indigenous youth, achieved 100 per cent placement for its graduate trainees and delivered education and cultural awareness to more than 2500 people through player forums and career expos in its first year.

The SANFL values its government and community partners that enable it to deliver quality programs that involve both football and other life skills to a range of Aboriginal communities and people in metropolitan, regional and remote areas, including the APY Lands. The APY Lands Parental & Community Engagement (PaCE) Program, launched in 2011, will work with local families and community leaders to improve educational outcomes for indigenous students.

The SANFL would like to acknowledge that the land on which we live, work and play Australian football is the traditional lands for the Kaurna people. We recognise and respect their cultural and heritage beliefs and understand that these are still very strong and important to the Kaurna people today.

In 2011, the SA Junior Football Council was established as the new governing body responsible for leading strategic issues for junior football competitions in this state. The Council comprises representatives from key junior football stakeholders including junior district leagues, regional junior competitions, SA Amateur Football League, schools and the SANFL. This body has already begun to tackle some key issues relating to this area of participation.

The significant support received to conduct all programs from both the State and Federal Governments and the AFL is very much appreciated. We thank the Office for Recreation & Sport and our key corporate partners McDonald's and Ford Australia for their contribution to junior football in SA, along with the many volunteers who provide opportunities for South Australians to play football.

The Community Engagement department looks forward to working with the SA football community in 2012 to further grow and develop the game in our state.

SANFL field officers delivered school-based programs supported by the 460 AFL School Ambassadors to ensure children not only got an opportunity to have a kick and catch, but also learn about the history of the game, the rules and the different employment opportunities in the sports industry.

McDonald's has again been a fantastic support to these programs and was present at AAMI Stadium on Sunday, August 21, to award the 2011 Macca's Premiers Cup to the Year 6/7 team from Black Forest Primary School..

Primary school football participation leapt by 41 per cent in 2011, largely through the delivery of intra-school programs.

The SAPASA U12 State Team held a three-day camp at Immanuel College in early July to train for the Australian Rules Football Exchange held in Canberra from July 23 to July 30. The final 23 students selected in the team experienced an excellent three days of intense football preparation and team bonding. Fitness and team tactics, diet and health issues and mental preparation were discussed during the camp, with family members encouraged to play an interactive role throughout the sessions

The SAPASA U12 State Team took out the national championship, defeating Victoria in the Final by 30 points. The victory marked the first time in more than ten years that the trophy had left Victoria.

All players in the team contributed well and showed promise in a variety of positions throughout the carnival.

# SAPSASA CARNIVAL

The 2011 SAPSASA State Carnival, held in May, comprised 40 teams competing in a week-long competition at Barrett Reserve, Adelaide Shores. The carnival was well-received by all participants and feedback from parents was extremely positive. The SAPSASA Knockout Competition Finals were held at City Mazda Stadium and resulted in some high-quality matches. In SAPSASA knockout competitions, Christian Brothers College won the Mark Mitchell Shield, while Warooka Primary School won the Norm Grimm Shield and Marymount College was the winner of the SAPSASA Girls' Shield for the second consecutive year.

# SSSSA KNOCKOUTS

Secondary School Sport SA and the SANFL again worked together to deliver state knockout competitions to secondary students culminating in the SSSSA Open Schools Knockout Cup in August.

In a solid performance at Prospect Oval, Prince Alfred College defeated Rostrevor College to take out the 2011 trophy. In the Girls' Knockout Cup, St Michael's College defeated Henley High School in the Grand Final, which was played as a curtainraiser to the Adelaide v Richmond clash at AAMI Stadium.

# Championship, marking the first time in more than ten

# AFL 9s

The transition from AFL recreational football to the new AFL gs format has attracted plenty of new interest in this social form of the game.

With thriving competitions across metropolitan Adelaide and a reported increase in schools taking up the non-contact version of the game, AFL gs is establishing itself as a viable competition in South Australia.

# IGA 'THE NEXT STEP' FOOTY EXPERIENCE

In its second year, the IGA 'The Next Step' Footy Experience expanded to a four day program, catering for 300 primary and secondary school-aged footballers. Participants spent time at both AAMI Stadium and Alberton Oval, experiencing elite football training facilities and methods under the guidance of experienced SANFL coaches and players.

# AFL SCHOOL AMBASSADORS

With a strong push for recruitment throughout 2011, SANFL field staff registered 460 AFL School Ambassadors. These teachers in primary and secondary schools provide a consistent football presence in the classroom by delivering programs and giving kids a chance to participate in the game in diverse ways.

Fourteen indigenous trainees took part in the SANFL's inaugural Aboriginal Pathways to Excellence Traineeship Program in 2011, with trainees located at the SANFL, Glossop Area School, Ceduna Area School, Stuart High School (Whyalla), Para West Adult Campus, Le Fevre High School, Maitland Area School, Coober Pedy Area School, Christies Beach High School, Netball SA and the North East Metro Junior Football Association (NEMJFA).

The program is designed to allow the participants complete their Certificate 3 in either Sport and Recreation or Community Recreation, while providing support in securing pathways to a long-term career or study once their traineeship concludes.

The Aboriginal Pathways to Excellence Traineeship program achieved 100 per cent placement for its trainee graduates in 2011.

Four of the trainees finished their traineeship in January 2012. Three of those trainees - Joseph Zadow (NEMJFA), Thimos Tsakiridis (Coober Pedy) and Kieran Stone (Glossop HS) – were accepted into the University of Adelaide to pursue Bachelor of Arts and teaching degrees. The fourth trainee, Graham Walker (Maitland Area School), has begun a trades apprenticeship.

As a result of the program's success, the SANFL will employ an additional eight trainees in 2012, joining the six ongoing second-year trainees.

The SANFL launched its first indigenous SANFL player forums in 2011. All indigenous SANFL players from Under 16s to League came together twice in 2011. It allowed the players to discuss issues related to work, study and playing semi-professional sport. Speakers at the forums included Andrew McLeod, Michael O'Loughlin, Sturt's Josh Cubillo and Joe Anderson, North Adelaide's Kriston Thompson and Eddie Hocking.

# **S** THE PREMIERS

# LEAGUE GRAND FINAL

Woodville-West Torrens held on in a thrilling final quarter to win the 2011 SANFL Grand Final over Central District by three points.

The Eagles attacked from the outset to lead by 18 points at quarter time, with Jack Oatey Medallist Craig Parry dominating in ruck.

While the Dogs made a number of attempts to regain momentum, the Eagles responded to maintain the lead at the main break.

Central District, seeking to land its sixth consecutive flag, fired back in the final term against a spent Eagles outfit. A courageous snap for goal by the Dogs in the dying minutes narrowly missed, sealing a narrow victory for the Eagles and marking the first time since 1976 a team has rebounded from a Qualifying Final loss to win the flag.

Of the final quarter, Woodville-West Torrens coach Michael Godden told media: "I thought that if Spurr's kick went through, it would be heartbreaking. Movie people can't write a script like that."

Bulldogs coach Roy Laird told media: "I don't want to deny anything to the Eagles, they were outstanding. You make your own luck - and we've had our share."

## BOB HAMMOND AM

In a closure to his 52 years of official service to the game of Australian football, Bob Hammond AM retired from the AFL Commission in November 2011.

Perth-born Hammond embarked on his football career in South Australia,

playing his early matches at Kilburn before being recruited to North Adelaide. He debuted as a key defender at League level in 1960, playing in the Roosters' senior premiership that year.

Hammond went on to win another two flags at North Adelaide, captaining the side in 1973 and representing South Australia in State football seven times before shifting to Norwood Football Club as captain in 1974.

Retiring after his initial season with the Redlegs, Hammond took on the role of senior coach and guided the club to two premierships in 1975 and 1978. He was also awarded the coveted South Australian coaching role in 1983 and steered SA to its first-ever victory over Victoria at State-of-Origin level.

His coaching career continued interstate the following year with the Sydney Swans in the VFL competition.

Hammond played a significant role in the establishment of South Australia's first AFL licence and was appointed the Adelaide Football Club's inaugural chairman in 1991, a position he held for ten years. During his tenure, the Crows won back-to-back premierships and enjoyed one of its most successful periods in its history to date.

He was appointed to the AFL Commission in 2001 and remained a key decision-maker on the board for a decade, presiding over defining issues such as the AFL's expansion into the Gold Coast and Western Sydney and the acquisition of lucrative broadcast deals for the competition.

SANFL Executive Commissioner Leigh Whicker lauded Bob Hammond as "a leader and advocate of the game at all levels – as a player, a coach and an administrator with extraordinary foresight and capability".

The SA Football Commission would like to thank Bob for a wonderful contribution to the game and wish him and his wife Jill all the best for the future.

# **S** CORPORATE OPERATIONS

The 2011 'be active' Grand Final was not only a superb display of South Australian football but a wonderful advertisement for the partnership between SA's corporate sector, the media, the community and the South Australian National Football League. This major event in SA's sporting calendar provides an opportunity for the League to showcase its capabilities in delivering first-class sporting entertainment. This is something we are very proud of and will continue to deliver.

Partnerships are what drive our great game and the League is grateful for the wonderful support it has had over the years. Our Corporate team has focused on further enhancing these relationships at every opportunity and we are confident that the rewards have been mutually beneficial. In 2011, we welcomed new partners Ford Australia and IGA SA, while Lion Australia (through its West End flagship), AAMI, Coca-Cola, McDonalds, SA Lotteries, Balfours, the Good Guys and the re-branded People's Choice Credit Union have extended their support. The AFL and State Government, through the Office for Recreation and Sport, also continue to invest in the development of our game throughout the State.

Our media partners have provided a platform for our game at every level to be exposed to the public of South Australia. The SANFL competition is the envy of every state sporting organisation in the country with its ABC live coverage, radio broadcasts through RPH, Life FM, ABC and 5AA, print coverage in *The Advertiser, Sunday Mail* and Messenger Press together with the online exposure led by Local Footy SA. Combined with the support of Networks 7, 9 and Ten, our competition is well-placed to continue its growth.

The SANFL website has continued to grow, with more than one million visits on the back of new initiatives including photo galleries, live chats and the live scores system. The SA Lotteries SANFL Footy Tipping Competition saw significant growth with more than 10,000 weekly tippers. While the new media grows at a rapid rate, some traditions remain, including the *SA Football Budget* and we appreciate the ongoing support of Boylen Media. While the State League competition demands the greatest interest behind our AFL clubs, it has been the coverage of our game development programs that has provided the community with an insight into the initiatives and support that is being provided to give young people opportunities through football. This was highlighted by the coverage of Amos Frank's journey from the APY Lands to the Hawthorn Football Club.

It was a challenging year for our AFL teams, but the Leagues Corporate Facility partners remained loyal and capitalised on the opportunity to entertain their clients in comfort. The League has committed to reward this loyalty by ensuring that all clients who commit to the 2012 and 2013 seasons will get an opportunity to secure a corporate package at Adelaide Oval.

On behalf of the SANFL I would like to thank all of our partners for their wonderful support and I look forward to further growth in 2012.

# SANFL MARKETING

# YOUR TRIBE IS CALLING

Off the back of campaign success in 2010, the SANFL continued with its marketing catchery, 'Your Tribe is Calling' in 2011.

In order to update the message, a photo shoot was organised to capture images of passionate supporters, fans, club volunteers and cheerleaders to reinforce the diversity of 'the tribe'. Renowned body artist Emma Hack and photographer Roy Vandervegt again assisted with the shoot.

The Messenger Newspapers wrap-around launched the SANFL season and featured the 2011 images, which formed the basis of the campaign. The 'Your Tribe is Calling' catchcry was reinforced through all media channels including television, radio, print and online.

The SANFL clubs utilised the campaign's message through a separate membership drive, 'Join Your Tribe', which attracted more than 2000 fans to a membership webpage. In total, five of the nine SANFL clubs increased their membership base for the season.

At the completion of the 2011 minor round season, 291,209 supporters had attended an SANFL match, an increase of 5.3 per cent on 2010 and the highest minor round attendance since 1998. Although major round crowds were down on 2010, this was largely associated with the smaller supporter bases of the Finals teams.

The Eagles were able to hold off the Doggies to claim a three point victory in front of 25,000 spectators. In an AAMI Stadium first, a temporary stage was built over seats on the north-eastern wing where local band Clearway entertained fans with renditions of Robbie Williams, Powderfinger and Jebediah classics.

As part of the pre-match entertainment, a motorcade of Ford Rangers circled the oval showcasing participants from the year's SANFL football programs, including groups from Auskick, female football and indigenous and multicultural programs.

The Grand Final also benefited from the involvement of McDonald's, which offered 14 junior football clubs a moneycan't-buy experience to be a part of the SANFL's pre-match entertainment. # LION

#### LION AUSTRALIA

A partnership that spans some 56 years, the Lion Australia (via the SA Brewing Company and the West End brand) relationship with the SANFL was extended for a further five seasons earlier this year.

As the League's major partner, Lion Australia is involved in a great breadth of SANFL events and activities, both as a sponsor and a supplier to the clubs and AAMI Stadium. Lion Australia's support of football is statewide, extending to the amateur and affiliated leagues throughout metropolitan and regional areas.

### AAMI

The League has been extremely fortunate to partner with AAMI

over the past ten years as naming rights sponsor of AAMI Stadium, the venue for AFL football in South Australia. AAMI's sponsorship has been crucial in the development of football in South Australia at all levels, including maintaining AAMI Stadium, one of the state's largest entertainment venues.

Beneficiaries of AAMI's support have included the hundreds of thousands of South Australians who flock to AAMI Stadium every year and the children taking part in the junior development programs supported by AAMI.

#### **GOVERNMENT OF SOUTH AUSTRALIA**

The support of the Government of South Australia, through its Office for Recreation and Sport (ORS), underpins the programs delivered

by the SANFL's field officers. These programs contribute to increased participation levels and healthy active lifestyles for children across the state including those from indigenous, multicultural and disadvantaged backgrounds.

The ORS's 'be active' message encourages all South Australians to take every opportunity to 'be active'. A popular initiative of this partnership is the 'be active' Kick & Catch at all SANFL and selected AFL matches.

As naming rights partner, the State League Competition is known as the 'be active' League.

#### **COCA-COLA AMATIL**

The SANFL's relationship with Coca-Cola enjoyed another exciting year in 2011, with the

SANFL's exclusive non-alcoholic beverage partner continuing to support the game at all levels. This support extends to naming rights sponsorship of the Powerade Star Search Award, which acknowledges the talented youngsters making their mark in League ranks.

The CCA Clubhouse marketing program sponsored the highly successful SANFL Grand Final pre-match entertainment. Fans were entertained by all-time classics performed by live local band, Clearway

#### MCDONALD'S

2011 marked the third year of McDonald's SA's association with the SANFL's game development programs and talented player pathways.

The Macca's Cup (U18) and Macca's Talent Shield (U16) competitions continued to strengthen and when combined with the McDonald's U16 & U18 State teams, the talent pathway remains strong for development of future AFL stars. The Junior District Leagues (JDLs) grant program, initiated by McDonald's, has once again proved beneficial in the provision of new equipment to assist JDL clubs develop and grow their junior players.

McDonald's, through the SANFL, also aided in the development of kids' skills through promotional clinics, holiday coaching clinics, intra-school programs, carnivals and secondary school football.

#### FORD AUSTRALIA

In March 2011, the SANFL was delighted to announce a significant partnership with the Ford Motor

Company of Australia. Ford supplied ten new vehicles that enabled the delivery of junior development programs to more than 200,000 children in metropolitan and regional South Australia. Without these vehicles, the delivery of these programs and the future growth of the sport would be in jeopardy.

#### PEOPLE'S CHOICE **CREDIT UNION**

The SANFL's partnership with People's Choice Credit Union began in 2001 under the Savings & Loans brand. The

League is proud this support has continued into 2011. The partnership has evolved to now incorporate the Mini League naming rights. The People's Choice Credit Union Mini League directly contributes to increased participation levels of Australian Rules Football in SA and is an iconic feature of the SANFL.

#### IGA SA

The SANFL welcomed IGA SA as a new long-term partner in 2011. IGA has partnered with the League on

a number of levels including naming rights of the IGA Family Friendly Areas.

The IGA Family Friendly Areas are a key drawcard for attendances at SANFL games. These areas are made possible through the community-minded support of IGA. The IGA Family Friendly Areas are free of smoking, coarse language and alcohol consumption. At many games, children can enjoy activities such as face painting and clown balloon modellers.

IGA Family Friendly Areas are clearly marked at all SANFL grounds and are ideal for families with children who want to make the most of their time watching local footy.

#### SA LOTTERIES

Since 1987, SA Lotteries has contributed more than \$8.9 million to support and develop South Australia's recreational

and sporting facilities and services. The SANFL has and continues to benefit from this support in a partnership that extends more than 20 years. The SA Lotteries Footy Express continues to grow in popularity, with crowds flocking to AAMI Stadium on the bus service with the cost included in the matchday ticket. SA Lotteries also partners the League in the official SA Lotteries SANFL Footy Tipping competition.

#### BALFOURS

Balfours has been a tremendous supporter of football in this state for many years. In 2011, its association included the SANFL, AAMI Stadium, seven of nine SANFL League clubs and the Crows and Power. Balfours has exclusive pastry rights at AAMI Stadium and is also a naming rights sponsor of the two

Balfours Showdowns played each AFL season.

#### THE GOOD GUYS

The Good Guys have partnered the League for the past eight seasons as the official supplier of electrical goods for the

SANFL and AAMI Stadium. The partnership includes the SANFL's Coaches Association of which The Good Guys sponsor the Coach of the Year, an award presented to the most outstanding SANFL League coach as voted by their peers.

The Good Guys have five stores in Adelaide located at Edwardstown (Vince Santoro), Hectorville (Jason Dansie), Mile End (David Brooks), Noarlunga (Cathie Peters) and Pooraka (Jim Drivas).

# COMMERCIAL OPERATIONS

TS 1 m

### **S** COMMERCIAL OPERATIONS

### **STADIUM**

The 2011 year was of enormous significance to both the League and the wider football community with the signing of a milestone agreement to host AFL football at Adelaide Oval from 2014.

The Commercial Operations executive team continued to drive both the commercial and financial activities of the League throughout the year, while playing a major contributing role in the development of the stadium and commercial plans for the new city venue.

Complementing this work in 2011, the team successfully staged an AFL match between Port Adelaide and Melbourne Football Clubs at Adelaide Oval in Round 24, in collaboration with the South Australian Cricket Association.

The one-off event – the first minor-round AFL match to be played at Adelaide Oval – was overwhelmingly embraced by the South Australian public.

The year's overall financial results were driven largely by the performances of both SA-based AFL clubs and the continued pressure on the state economy, which drives our business both from a football and hospitality perspective.

Given these ongoing pressures, the final financial result was a net loss of \$3.9 million, of which \$1.8m was funded by cash reserves.

The stadium continued to endure negative comment from various quarters – however, the presentation of the main arena throughout the season and especially on the SANFL 'be active' Grand Final day was outstanding.

There is no doubt AAMI Stadium consistently provides a first-class surface on which to play elite sport.

The Adelaide Oval decision has now clarified the way forward for the business and while the Commercial team will continue to develop plans for the transition to the new venue, our major focus will continue to be the delivery of quality service to AAMI Stadium patrons over the next two years.

The members of AAMI Stadium have been long-standing and loyal and as promised, we will ensure their current member rights are maintained at the redeveloped Adelaide Oval and that they continue to be informed of all processes affecting their membership over the transition period.

The League, as part of its Strategic Plan, also has a significant responsibility for its 1500 employees. To that extent, a major transition plan is being developed through our Human Resources Department to assist staff as the business realigns its operations in the lead-up to 2014.

As in all businesses, our employees are our most important asset and we will ensure that this facet of our organisation is given the highest priority.

The Encore Group in 2011 continued to provide high-quality hospitality, food and service to not only football patrons but also to external clients and the Adelaide venues it serves.

Encore was recognised with the 'Wedding Caterer of the Year' title at the SA Restaurant & Catering Awards presentation dinner. The team should be proud its efforts not only in 2011 but over many years.

Yes, the 2011 year had its challenges but we now look to 2012 and the future as we seek new and positive growth in all areas of our business.

John Lyons Chief Operating Officer

2011 was another challenging year for AAMI Stadium, with mixed on-field performances from our AFL teams again resulting in lower than expected crowd numbers throughout the season.

While it was again disappointing to not be hosting AFL Finals in 2011, the focus was shifted to the SANFL 'be active' Finals Series, with more than 52,000 fans attending the four weeks of Finals and 25,234 watching the Eagles hold out a fast-finishing Central District in the League Grand Final to take their first premiership flag since 2006.

#### NAB CUP/CHALLENGE

The AFL introduced a new format for the NAB Cup competition, with a three team round robin competition played between the Crows, the Power and the Demons at AAMI Stadium in Round One.

NAB Challenge matches in 2011 were played at Thebarton Oval and Willaston Oval. Adelaide played Fremantle at Thebarton, as part of the SA Amateur Football League's centenary year celebrations. Port Adelaide made the trip just north of Gawler to Willaston, where it took on the AFL newcomers, the GWS Giants. This was a great event for the Willaston locals, with Kevin Sheedy addressing the Club at the end of the game.

#### TURF MANAGEMENT

The surface at AAMI Stadium was again regarded as one of the best in the country in 2011. Key strategies put in place by our dedicated Grounds team (supported by the two AFL Clubs) ensured the ground looked immaculate every week and was in pristine condition for the SANFL 'be active' Grand Final on October 9.

#### ROUND 24

In a joint project between the SA Football Commission, the SANFL, SACA, and the Port Adelaide Football Club, the Round 24 match between Port Adelaide and Melbourne was relocated to Adelaide Oval to give footy fans a taste of what it would be like when football moves to the city in 2014.

The event attracted 29,340 spectators and was widely regarded a great success. Port Adelaide scored a nail-biting win for its final performance for the season. The day was greatly supported by all involved, including the Adelaide City Council, SAPOL and the Department of Transport, Energy & Infrastructure, which worked with the League to re-route the SA Lotteries Footy Express to King William Street in order to accommodate the large crowds.

#### MEMBERSHIP

In 2011, AAMI Stadium Ultimate members were given the opportunity to redeem two free guest passes during the year as part of their membership package. This was a well-received initiative, with many Ultimate members taking up the chance to bring along friends to experience the excitement of live AFL football.

After a considerable amount of archival work, the Stadium Department was able to acknowledge Foundation Members of Football Park. This select group was part of the first 3000 Football Park members, who signed up before the Stadium was even built.

An afternoon with past SANFL and AFL champions was held in the Magarey Room on May 4 - 37 years to the day of the very first match played at the venue. Guest speakers included Russell Ebert, Grenville Dietrich and Matthew Robran entertained the audience with stories about playing on the hallowed AAMI Stadium turf over the past four decades.

With the move to Adelaide Oval now confirmed for 2014, there are enormous opportunities to attract new members through Stadium Memberships. 2012 will see a renewed focus on the benefits of Ultimate membership and the advantages of being an Ultimate member as football moves towards Adelaide Oval in 2014.

We anticipate an exciting time ahead, with many opportunities to embrace new, as well as existing Members, in the move to the city.

#### MATCH DAYS

A new Fan Engagement program was introduced in 2011, offering supporters a matchday experience with live bands, new fan zones and giveaways inside and outside of AAMI Stadium. The initiative was well-supported by the SANFL, both the Adelaide and Port Adelaide Football Clubs, as well as the AFL.

The Commercial Operations group wishes to acknowledge the Stadium, Grounds, Maintenance and Cleaning teams, who worked together throughout the season to ensure the venue's presentation was consistently maintained.

## S CROWS & POWER

### S AAMI STADIUM ATTENDANCE

After the high of a Round 1 win over Hawthorn, the Crows' 2011 on-field performance quickly took a turn for the worse, with the club finishing with seven wins and at 14th place on the ladder by season's end.

Rookie captain Nathan van Berlo enjoyed a stand-out year, scooping the club best-and-fairest and polling nine votes in the Brownlow.

Coach Neil Craig departed after Round 18 and the arrival of interim coach Mark Bickley inspired a late-season revival, with the Crows winning three of its last six matches.

Former Power and Geelong assistant coach Brenton Sanderson was announced in September as senior coach to lead the Crows into the 2012 season.

Port Adelaide entered the 2011 season off the back of its 'One Club' administrative merger with the Magpies and under the direction of new full-time coach Matthew Primus and captain Domenic Cassisi.

The Round 21 debut of young gun John Butcher was well-received by the footy public and he sealed one of the season's most memorable moments by kicking six straight goals from six disposals in Port's Round 22 match against the Western Bulldogs.

2011 marked the club's poorest AFL season performance, recording only three wins throughout the year. However, its final inspirational victory in Round 24 against Melbourne in the first-ever game hosted at Adelaide Oval ensured the club finished 16th, lifting it above Gold Coast at bottom place.

### **ENCORE GROUP**

### 2011 OVERVIEW

The 2011 financial year was another challenging year for our business. Our core business of football continues to deliver declining incomes through matchday catering, in particular our retail and function businesses.

Encore Group has experienced a year of fluctuating fortunes in certain business units due to many contributing factors.

Non event-day income continues to be a concern with the function market still in decline throughout Adelaide. We anticipate this will be an ongoing challenge for the next few years.

The Adelaide Town Hall was a welcome addition to Encore Group's host of external venues this financial year. In the heart of the city, the Town Hall provides a unique opportunity to strengthen the Encore brand and grow the business within the CBD.

It was particularly gratifying to be awarded the title of Wedding Caterer of the Year at this year's Restaurant and Catering Awards. The Town Hall team has done an amazing job to transition into this venue and this recognition is due credit for its commitment to the brand.

Overall, our Encore Group division has achieved a profit of \$2,506,870, which was ahead of last year's actual by 7.3 per cent.

#### **RETAIL CATERING**

With football attendences falling, the retail business fell short of budget.

While the AFL home and away season attendances fell short of budget, average spends remained strong with an increase of \$0.49 per person.

Overall, the retail business was well managed throughout the year with all operating expenses in line or better than budget.

## encoregroup ENCORE GROUP

#### CORPORATE FUNCTIONS

Function income did not achieve revenue targets this financial year due to a decline in event day catering numbers and non-event day commercial functions.

The Encore sales team continues to work diligently to create new opportunities for non-event day functions in a very depressed market. Our non-event day function business was in line with the 2010 financial year.

Despite the decline in our function numbers for the financial year, net profit for the function department was higher than 2010.

#### CORPORATE FACILITIES

Corporate Facilities exceeded budget for the 2011 year by \$51,706, a very pleasing result.

While actual attendances fell short of budget, average spends improved on 2010.

A strong commitment by the Corporate Sales team allowed for a large amount of daily hires to be achieved which has enabled Encore to capitalise on this revenue result.

### ADELAIDE ARENA

Poor on-court performances affected attendances and revenues for Adelaide 36er home games within the venue in 2011.

### EXTERNAL EVENTS

The total net profit for external events was higher than 2010. Income exceeded budgeted expectations - a significant achievement given the wash-out experienced on the opening night of the Adelaide Fringe Festival.

The successful Tour Down Under, Adelaide Bite baseball season and Oakbank race meets were the significant contributors to this result.

### ADELAIDE TOWN HALL

Encore Group was awarded the contract in January to provide exclusive hospitality within the Adelaide Town Hall for a five year period.

At the conclusion of this financial year, having only completed 10 months of trading, Encore made a small loss in 2011. Initial set up costs, the mix of existing business and price points were all contributing factors to this result.

Moving into the 2011/2012 financial year, Encore anticipates a profitable return from the Adelaide Town Hall.

#### 2012 CATERING DIRECTION

Our immediate task is to strengthen financial returns within the Adelaide Town Hall and capitalise on additional innercity catering opportunities. Encore Group has successfully negotiated new trading terms with the Adelaide City Council and looks forward to a successful 2012 at the venue.

Attracting non-event day customers into the AAMI Stadium Function complex remains a challenge. We will review all aspects of our business this coming year and look to reposition the business to attract a new market.

We will continue to seek additional catering opportunities within the broader Adelaide market to further strengthen our revenue base and support our fixed costs. This will remain a focus while we look to respond to the changing conditions of event day catering through reviewing business practices and price points within the stadium.

The trading result for 2011 before club grants was a loss of \$3,880,888. This compares to a loss of \$1,253,346 in 2010. The payment of grants to PAFC and other abnormal items impacted the results of both financial years as outlined in the table below:

|  | 2011          | 2010          |
|--|---------------|---------------|
| Operating loss per annual report           | (\$3,880,888) | (\$1,253,346) |
| Less SMA related expenses / abnormal items | \$851,914     | \$108,071     |
| Less grants paid to PAFC                   | \$4,050,000   | \$1,950,000   |
| Normalised Profit                          | \$1,021,026   | \$804,725     |

The normalised profit improved from \$804,725 to \$1,021,026. This was despite an increase in the net financing expense to SANFL of \$514,231. The higher net financing cost was due to higher funding rates and higher debt levels to fund grants paid to PAFC.

Economic factors along with the on field results of the two AFL Clubs have resulted in ongoing trends of declining match day attendances at AAMI Stadium and a decline in the number of stadium members. This has negatively impacted membership, catering and corporate income streams.

SANFL has worked hard to minimise the loss in what are extremely challenging trading conditions. Normalised operating expenses were 4% below budget in 2011 due to strategies implemented to offset the decline in some of the businesses revenue streams. Expenses from Football Operations and Administration, excluding depreciation, were kept at the same level as 2010. On another positive note, SANFL were able to generate cash from its normal operating activities of \$2.14m compared to negative \$0.62m in 2010. Net cash used by SANFL was \$1.80m compared to \$4.95m in 2010 which was a \$3.15m turnaround.

With the agreements being signed to move AFL Football from AAMI Stadium to Adelaide Oval from the 2014 season, the value of the Stadium was written down by \$49.58m as the net income produced by the Stadium would greatly diminish. This along with the current year operating losses resulted in net assets decreasing from \$109.9m to \$52.2m. From the 2014 Financial Year however, the SANFL will be able to bring a "leased" asset onto its balance sheet that represents the fair value of future net earnings from Adelaide Oval. This asset has been estimated at approximately \$55m. This will offset a large part of the AAMI Stadium write-down.

The loan profile increased by \$3.9m due to increased borrowings from Westpac and the AFL to fund the payment of grants to PAFC.

The consolidated financial report of the group comprises the financial reports of the SANFL and its subsidiaries. Subsidiaries are entities controlled by the SANFL. Control exits when the SANFL has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that currently are exercisable are taken into account. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control ceases. The accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the SANFL.

In the SANFL's financial statements, investments in subsidiaries are carried at cost.

The financial reports of the subsidiaries are prepared for the same reporting period as the SANFL.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 OCTOBER 2011

#### 7 INTANGIBLE ASSETS

AFL licence fees

License fees paid by the SANFL have been capitalised at cost less accumulated impairment losses. Where consideration for the license fee was deferred, cost is calculated as the present value of future payments at the date of acquisition. The license agreements are not for a defined period and thus the asset has an indefinite useful life. An impairment test for these intangible assets is conducted annually.
